

## ODP Releases 2017-2018 Annual Data Report ODP Announcement 19-033

### AUDIENCE:

All Interested Parties

### PURPOSE:

To inform individuals that ODP has published the 2017-2018 Annual Data Report, which is available online via the MyODP and the Department of Human Services websites.

### DISCUSSION:

The Office of Developmental Programs (ODP) created this statistical report detailing enrollment, self-directed services, employment, residential, targeted services management, and financial trends so that individuals, families, advocates, providers, government officials, and taxpayers can see and measure how many individuals ODP serves, what services are provided, where the individuals live, and what costs are associated with services.

Facts and figures are an important, but limit view of the service system. We can measure growth in the program, what types of services are prioritized, and how we are investing in services and supports for people.

The 2017-2018 Annual Data Report is a good companion to the annual report published on the performance measures developed by ODP's Information Sharing and Advisory Committee (ISAC), entitled, *Everyday Lives: Values in Action Information, Sharing and Advisory Committee (ISAC) Recommendations, Strategies, and Performance Measures*.

The 2017-2018 Annual Data Report is available by using either of the following links:

[MyODP Everyday Lives Publications Webpage](#)

[DHS Office of Developmental Programs Webpage](#)

The Performance Measures are listed in *Everyday Lives: Values in Action Information, Sharing and Advisory Committee (ISAC) Recommendations, Strategies, and Performance Measures*. This publication is available at the following link:
