

## Vaccinations: Unpaid Caregivers Attestation Information

The Office of Developmental Programs (ODP) is passing along this information for any **unpaid caregivers** in need of COVID vaccination. On January 19, 2021, Pennsylvania's COVID-19 Interim Vaccination Plan V. 5 included an updated definition of "health care personnel." The updated definition of health care personnel includes individuals providing services for the elderly and persons with disabilities, **including unpaid caregivers**. Health care personnel are included in the Phase 1A group to receive a vaccination. You may be asked to provide documentation to verify your status as an unpaid caregiver by a vaccine provider. ODP is providing guidance to help you in the process.

- Follow this link on the Department of Human Services (DHS) website: <https://www.dhs.pa.gov/coronavirus/Pages/COVID19-PROVIDER-RESOURCES.aspx>
- Scroll to the bottom of the page.
- Look for the checkbox that allows you to self-attest that you are an unpaid caregiver for an elderly individual or a person with a disability.

By checking the box, I attest that I am an unpaid caregiver of an individual who is elderly or has a disability and receives services through a Pennsylvania Department of Human Services (DHS) program.

- Clicking the check box opens a link entitled "View Letter". This letter is from DHS Secretary Teresa Miller.
- Please print this letter and take it to a vaccination site. This will allow you the proof you need to get a COVID vaccination in this phase.

To find a vaccination site, go to this Department of Health (DOH) site: [Getting the COVID Vaccine | PA.GOV](#)

In the box on the right there is a step-by-step process towards getting vaccinated. Choose Step 2: Find a Vaccine Provider:
